QUANTICO VA 22134-2253

30 JUN 11

CIO QUARTERLY AWARD OF EXCELLENCE

Citation:

Mr. Reinhardt is hereby presented the CIO Quarterly Award of Excellence in recognition of his outstanding Information Technology contributions to the Naval Criminal Investigative Service during the 3<sup>rd</sup> Quarter of 2011.

As part of Team Quantico, Mr. Reinhardt provided program management expertise and acted as a liaison with other team members to ensure timely and operational solutions were set up at the new NCIS HQ Russell-Knox Building (RKB). His ability to stay on task and coordinate with his colleagues provided the needed focus to stay on schedule with the BRAC move in dates and provide out the technology support needed in the new facility. He managed projects such as the new Virtual Desktop which is a new technology for NCIS used for the first time at the RKB.

As the employees began moving into the RKB, Barry assumed day-to-day control of the deployment team and orchestrated their actions during these critical periods. He ensured that crews worked late to complete every task so that the employees would be fully functional when they arrived at their new offices. He would make frequent visits to the spaces to speak with NCIS personnel and take whatever steps necessary to correct any problems they were experiencing. His personal dedication and hard work enabled Code 15 and NCIS to succeed during this critical period.

The distinctive accomplishments of Mr. Reinhardt reflect great credit upon himself, the Naval Criminal Investigative Service, and the Department of the Navy.

A handwritten signature in blue ink, reading "Linda Wilbanks", is positioned above a horizontal line.

Dr. Linda Wilbanks  
NCIS Assistant Director for Information  
Technology/Command Information Officer
