In business for more than nine years, eBRP Solutions Inc. has five locations and 10 full-time consultants, some of whom are certified business continuity planners. They've

# 2017 Consultant Directory

been involved in or completed hundreds of disaster recovery plans. The firm has a risk management approach by identifying interdependencies, gaps and vulnerabilities leading to plan development and incident management. Complete disaster recovery planning, business continuity planning, project management and a range of services are available. A web-based Toolkit Suite is also available. Contracting in foreign countries is possible. The average hourly rate is based on the scope of the engagement.

## Emergency Management & Safety Solutions Inc.

**Regina Phelps**  
 260 Whitney Street  
 San Francisco, CA 94131  
 415-643-4300

<https://ems-solutionsinc.com/>  
[Regina@ems-solutionsinc.com](mailto:Regina@ems-solutionsinc.com)

Emergency Management & Safety Solutions Inc. (EMSS) has been providing professional continuity services in the area of incident (crisis) management, business continuity planning and exercise design since 1982, and over that time has developed a distinct style of project delivery. EMS Solutions always favors substance over style, results over “window dressing.” Our approach to any project is very pragmatic, reflected in an unwavering focus on client satisfaction gained by delivering results. EMSS provides consultation, training, and educational speaking services to some of the world’s largest corporations, government agencies, and non-profit organizations on four continents.

## Ernst & Young, LLP

**Suzie Ray**  
 220 South Sixth Street,  
 Suite 1400  
 Minneapolis, MN 55402  
[suzanne.ray@ey.com](mailto:suzanne.ray@ey.com)  
 612-371-6799

A challenge facing many organizations today

is increased risk operating and transforming the technology infrastructure that supports critical business processes. These risks could include: disasters (manmade or natural), infrastructure technical architecture issues related to availability, performance, agility, security (e.g. denial of service), interoperability, or a requirement for rapid adaption or technology transformation brought on by business change. To help organizations combat these risks, EY takes an integrated IT Infrastructure & Service Resiliency (I&SR) approach that addresses both business and technology performance and risk. EY I&SR core service offerings include: business continuity management, data center and disaster recovery strategy, networks and telecom transformation, compute and core services transformation, and storage optimization and data protection.

## Fairchild Consulting

**Aaron Callaway**  
 237 Highland Rd, Suite 100  
 Andover, MA 01810  
 888-930-8250

[www.fairchildconsult.com](http://www.fairchildconsult.com)  
[more.information@fairchildconsult.com](mailto:more.information@fairchildconsult.com)

Fairchild offers the industry’s most innovative solutions in support of the full business continuity and disaster recovery program lifecycle. Fairchild’s also provides short or long-term managed services to organizations of all sizes. FairchildApp is the industry’s best software. FairchildApp harmonizes BC and DR, receiving information through normal business and IT operations and translating it seamlessly across the same shared platform into the plans, the workflows, and the intelligence that you need for response and recovery. No other system offers the same support for collaborative recovery and decisiveness in crisis or the same level of confidence in the ability to adapt.

## Fusion Risk Management, Inc.

**David Halford**
