ClearView Continuity

Jon Mitchell
Astral House, Granville Way
Bicester, Oxfordshire, OX26 4JT UK
+44 (0)1869 354230
https://www.clearview-continuity.com
info@clearview-continuity.com

ClearView is a global leader in business continuity software with a web-based platform that empowers organizations to manage their business continuity activity as efficiently and cost effectively as possible. With clients across both private and public sectors, ClearView has built an enviable reputation for excellence and innovation; and the software provides both ease of use and powerful functionality. ClearView also provides a highly experienced implementation team to help new clients get up and running quickly.

Continuity Logic

55 Lane Road Suite 303
Fairfield, NJ 07004
866-321-5079
www.continuitylogic.com
clsales@continuitylogic.com

Continuity Logic is an adaptive zero-code platform supporting business continuity, disaster recovery, crisis management, and risk management that gives users the ability to generate actionable OnDemand business intelligence for leadership,

including the C-Suite. The rules engine, workflows, reporting structures and dashboards allow for measurement of resilience and management through automation. Users can map dependencies, visualize critical end-to-end business services, and identify single-points-of-failure, both internally and from third parties. With Continuity Logic's platform, organizations can pivot from a document-based model of resilience to a dynamic data-centric model that supports real-time analytics.

eBRP Solutions

Ramesh Warriar
US Toll-Free: 888-480-3277
International: +1 (905) 677-0404
Mississauga, ON L4W 4Y1 Canada
www.eBRP.net
info@eBRP.net

eBRP Solutions, established in 2002, is a leading provider of resiliency, BC/DR software platform and integration consulting services. Migrate and upgrade your continuity planning to a resiliency program while, at the same time, breaking down the silos of BC, IT-DR, and crisis management planning. eBRP Suite is an Amazon (AWS) cloud-hosted solution that supports all tools necessary for building an enterprise resiliency program. Deployed by many global enterprises and US federal agencies, eBRP Suite is a "go-to" for executives requiring enterprise-wide decision support and flexible, actionable response to business interruptions or disruptions. Leveraging eBRP Suite's process-modeling feature, model your enterprise service dependencies to understand true cascade impacts. Analyze plausible threat scenarios, viable response strategies. Validate your response strategies and plans using

Virtual Corporation

Kurt Sohn
100 Enterprise Drive, Ste. 301
Rockaway, NJ 07866
800-944-8478
www.virtual-corp.com
ksohn@virtual-corp.com

Sustainable Planner™ is Virtual Corporation's Business Continuity Management (BCM) program software solution. The platform is available as either a local or hosted solution, is affordably priced, interfaces with most HR and IT Asset Management tools, and is easily customizable to your program requirements.

Business Continuity Maturity Model (BCMM)™ is Virtual Corporation's Business Continuity Program (BCP) maturity product – BCMM™ evaluates the current state of your program, and helps you produce a roadmap for maturing your BC program over time. Help your leadership understand the importance of what you do!

Additionally, Virtual Corporation provides both technical support of these tools and consulting services to fine tune them – all intended to help you quickly accelerate your BCM programming.
