IRS Procedure 91-59 (Superseded IRS Procedure 86-19)	Reg	IRS (Internal Revenue Service)	U.S.A.	o Provides the basic requirements to those institutions that utilize computerized Records o requirements for computer records containing tax information.H22 o Requires off-site protection and documentation of computer records maintaining tax information o The purpose of this revenue procedure is to specify the basic requirements that the Internal Revenue Service considers to be essential in cases where a taxpayer's records are maintained within an Automatic Data Processing system (ADP). This revenue procedure updates and supersedes Rev. Proc. 91-59, 1991-2 C.B. 841	Dec-97	ΙΑΙ		https://www.thefreelibrary.com/Record +retention+under+rev.+proc.+91- 59%3a+a+checklist+approach ao13084355
ISO/TS 9002:2016 Quality management systems - Guidelines for the application of ISO 9001:2015	Std	ISO (International Organization for Standardization)	International	ISO 9001:2015 - Quality management systems - Guidelines for the application of iso 9001. ISO/TS 9002:2016 provides guidance on the intent of the requirements in ISO 9001:2015, with examples of possible steps an organization can take to meet the requirements. It does not add to, subtract from, or in any way modify those requirements. ISO/TS 9002:2016 does not prescribe mandatory approaches to implementation, or provide any preferred method of interpretation.	Nov 2016	Wat	ISO 9002 is obsolete. The three standards (ISO 9001, ISO9002, and ISO 9003) were combined into ISO 9001 in the year 2000 revision (ISO 9001:2000) which was replaced by ISO 9001:2008. ISO 9002:1987 Model for quality assurance in production, installation, and servicing had basically the same material as ISO 9001 but without covering the creation of new products.	https://committee.iso.org/home/tc176sc2 https://webstore.ansi.org/sdo/ISO

NASD Rule 3520 has been superseded by FINRA Rule 4370. NASD Rule 3500: Emergency Preparedness Part 3520: Emergency Contact Information	Reg	NASD	U.S.A.	NASD Rule 3520 has been superseded by FINRA Rule 4370. Rule 3520 requires NASD members to create and maintain a written business continuity plan that identifies procedures related to an emergency or significant business disruption. The plan must be updated in the event of any material change to operations, structure, business, or location. Any annual review must be conducted of the business continuity plan to determine any modifications that are necessary. Each plan must address, at a minimum, the 10 elements listed in the rules. NASD members must designate a member of the senior management to approve the plan and disclose to their customers how its business continuity plan addresses significant business interruptions. Each NASD member must provide FINRA with emergency contact information and to update any information upon the occurrence of a material change. The Rule requires members to designate two emergency contact persons that FINRA may contact in the emergency. FINRA Rule 4370: Business Continuity Plans and Emergency Contact Information.	Feb-2015		Enf	

NYSE Rule 446: Business Continuity and Contingency Planning	Reg	NYSE (New York Stock Exchange)	U.S.A.	Members and member organizations must develop and maintain a written business continuity and contingency plan establishing procedures to be followed in the event of an emergency or disruption. Yearly review must be conducted of the business continuity Amended in September, 2008.		Enf	NYSE Rule 446 is no longer current. The NYSE, along with NASD, has adopted FINRA Rule 4370.	http://www.sec.gov/rules/sro/34- 48502.htm
OCC 2013-29: Third-Party Relationships (October 30, 2013)	Reg	осс	U.S.A.	This bulletin provides guidance to national banks on managing the risks that may arise from their business relationship with third parties. A third party's inability to deliver products and services, whether arising from fraud, error, inadequate capacity, or technology failure, exposes the bank to transaction risk. Lack of effective business resumption and contingency planning for such situations also increases the bank's transaction risk. The contract should provide for continuation of the business function in the event of problems affecting the third party's perations, including system breakdown and natural (or man-made) disaster.	Oct 2013		The bank's own contingency plan should address potential financial problems or insolvency of the third party. As of May 17, 2012, this guidance applies to federal savings associations in addition to national banks	https://www.occ.gov/news- issuances/bulletins/2013/bulletin-2013- 29.html

Identifies and raises awareness of vulnerabilities and threats of cyber terrorism to the financial services industry, including ensuring that these threats are taken into account when preparing and testing a disaster recovery/business contingency Exp		Enf		http://www.occ.treas.gov/ftp/bulletin/99- 9.txt
Prudent Man Concept	Reg	Common Law - Negligence Liability	International	 As per the Uniform Commercial Code, legal standard used to determine whether appropriate action was taken in a particular situation. 		IAI	Uniform Commercial Code Any company, regardless of its industry, is expected to exercise due-care to implement and maintain security mechanisms and practices that protect the company, its employees, customers, and partners., Due-Care can be compared to the "prudent man" concept. A prudent man is seen as responsible, careful, cautious, and practical. A company practicing due-care is seen in the same light by State and Federal Courts.
